

# BRITISH COLUMBIA HIGH SCHOOL RODEO ASSOCIATION

January 8, 2012

To Whom It May Concern,

Part of our requirements in our organization for competing members is they must submit a copy of their current report cards at designated times throughout the school year.

1. With application for membership
2. Feb 15 of each year
3. May 15 of each year

In order for the students to remain eligible to compete the students must be passing 70% of the classes they are enrolled in.

We also recognize our members who receive honour roll status as defined by our organization as having an average mark of 80% in all subjects.

Many of the students are also applying for scholarships through our organization both provincially and nationally and part of the criteria is supplying a copy of their transcripts for the past 3 years.

With the ongoing job action by the teachers of British Columbia the student members of our association have not received any report cards. Therefore it puts them in an “ineligible to compete” status.

In order to rectify this problem we are asking that the principal of the school in which the student is enrolled in complete the following information so that it can be forwarded to our office.

Student Name \_\_\_\_\_

Grade \_\_\_\_\_

Name of School \_\_\_\_\_

Principal's signature \_\_\_\_\_

Subjects enrolled in:
